Subject: PCB removal from ex-USCGC STORIS

Mr. Rollins/Mr. Noggle: I believe we have answered most of your questions about the Storis situation. We are working to get the MARAD radiological survey that the new owner provided to Mexican authorities and will provide it as soon as it is received - I believe this is the only outstanding request.

If there any other questions that you may have please let me know. Also advise if you would like to have further discussion with our SME team via telcon or face to face meetings. Many thanks.
